With over 15 years experience, a string of DJ Awards, and the relentless determination to perfect his craft, DJ Angelo's reputation as one of the world's finest and most versatile DJs continues to spread across the globe...

The past few years have been huge for the UK's DJ Angelo. Not only did he showcase his award-winning skills throughout Europe, Asia, Australia, the Middle East and the USA, he also performed to festival audiences of 50,000+, shared stages with the likes of Skrillex, Public Enemy and Diplo. Plus - he even produced and released his own DJ lifestyle brand "Turntablist On Tour" and an innovative DJ training tool on Youtube.

As not only an international performance DJ but also an active educator and ambassador of the art form, DJ Angelo truly embodies the lost art of DJing and his success is showing no signs of stopping...

"Finally a turntablist we can dance to" (Red Bull, UK).
